

Designing Change Together!

We are excited to announce that Beer Breakfast Events will be supporting The Pineapple Projects on Saturday, March 9, 2024 at The Mandarin Hide located at 231 Central Avenue St Petersburg, FL from 9 AM - 2 PM. We thank Jared Repka and his Beer BReakfast supporters for choosing TPP as their charity recipient. By partnering with us, you will help provide more home essentials to families in need right here in our backyard!

We have over 7,000 people facing home insecurities here in Pinellas County. Since July of 2020, we have been able to create homes that families can restore, heal and thrive in by providing home essentials to over 250 people!

Our deepest desire is that by supplying couches, beds, lighting, kitchen essentials, and more, the burden and stress of a healthy home can be lifted from the moment they walk back through their doors again. It is so much more than delivering furniture! It is through careful and thoughtful design mixed with true needs that we are designing change!

We are a community of volunteers, loving and seeing our neighbors and their desperate home needs. Thank you for joining our efforts and supporting us in 2024. Together we can help so many more families in need.

Please visit our website at www.thepineappleprojects.org for many ways you can join our efforts.

Looking forward to Beer Breakfast 2024!
